Conference Program

Overview

PerfeTTO Match-Up is the first Business Matching event organized by the PerfeTTO Network, connecting 54 Technology Transfer Offices (TTOs) across Italy in the Life Sciences. This event is designed to foster strategic connections among technology transfer managers, innovators, companies, investors, and policymakers. It aims to create a dynamic space where skills, ideas, and opportunities converge to spark high-impact collaborations. The format includes targeted networking opportunities, one-to-one meetings scheduled through a dedicated partnering platform, pitch presentations, and roundtables.
